

CHECKLIST 01 · BEFORE DRIVING

Ready for *the road*.

Run through this before leaving your campsite or setting off.

SECURE THE INTERIOR

- ☐ Close every overhead cupboard — **push the hinge support in gently** before shutting, and check the latch is secure.
- ☐ Bolt the table and its drawer.
- ☐ Bolt the rear garage drawers.
- ☐ Remove the oven trays and stow them securely.
- ☐ Secure all loose items. Leave nothing in the sink, where it can rattle or move.
- ☐ Put the timber bench and seat covers in their travel positions.
- ☐ Bring the portable step inside.

SWITCH OFF & DISCONNECT

- ☐ Switch **off** the water pump, water heater and inverter.
- ☐ Disconnect the campsite water hose and tap connectors, and pack away all accessories.
- ☐ Close the grey-water drain tap.

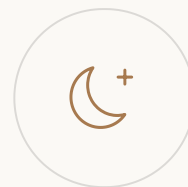

FINAL WALK-AROUND

- ☐ Wind the awning in fully, check it's locked, and store the winding rod inside.
- ☐ If you're carrying an LPG cylinder, make sure it's secured and transported safely.
- ☐ Check the inventory and your campsite for anything left behind.

GOOD TO KNOW

A final walk around the outside of the van is the best way to catch anything you've missed.

CHECKLIST 02 · BEFORE SLEEPING

Settle in for *the night*.

A few simple checks for a safer, quieter night.

OUTSIDE & PRIVACY

- ☐ Bring outdoor belongings inside where practical, to reduce the risk of theft.
- ☐ Wind in the awning — overnight winds can pick up unexpectedly.
- ☐ Fit the window covers to the rear barn doors and sliding side door.
- ☐ Draw the curtains. The window film doesn't give privacy at night when the lights are on.

POWER & WATER

- ☐ Switch **off** the inverter to save battery power.
- ☐ Switch **off** the water pump.
- ☐ Switch **off** the water heater.

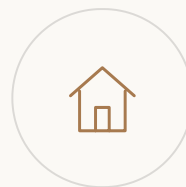

SECURITY & SLEEPING

- ☐ Lock the van from inside using the remote.
- ☐ Converting the seating into a double bed? Follow the bed-conversion video on the Guest Handbooks page of our website.

IN THE MORNING

Disarm or unlock the alarm before opening a door, so you don't set it off.

CHECKLIST 03 · END OF HIRE

Before you *return the van.*

Please return the van clean, complete and ready for her next adventure.

FUEL & ESSENTIAL CLEANING

- ☐ Refill the **diesel** tank completely.
- ☐ Empty and thoroughly clean the toilet. **This is a required part of every return.**
- ☐ Dispose of all rubbish responsibly.

CONDITION & BELONGINGS

- ☐ Leave the van as clean and tidy as you found it.
- ☐ Check the inventory to confirm all supplied equipment is there.
- ☐ Check cupboards, drawers and storage areas for personal belongings.

THANK YOU

For looking after *the van.*

We hope you loved
the adventure.
